I like being a Crusader because it gives me a sense of purpose. I feel that I am able to help others and also show how to live through and with Christ. The teachers are so caring and understanding. They really want to get to know you and they are always there for you when you need them. CHS has given me the ability to have both a social life and challenging academic life. I'm able to do everything I love as well as getting a great education.

I am proud to be a Crusader because it means that I represent Catholic High and its ideals, including the Core Values, which are a big part of my life. I also like that my teachers are always willing to help me!

**Lilah Messerly, Class of 2026**

I like the excellent education that Catholic High provides. The faculty and staff at Catholic not only give you the best education possible but also make you feel a part of a family. The teachers are always willing to stay after school to help you with anything you might struggle with. I feel like I am getting a great academic foundation but still have time to do the extracurricular things I want to do while still keeping up with my grades.

*Making a Difference*

*Catholic Identity*

I love being a Crusader because of the strong sense of community and unique education environment where Christianity is rooted in the culture of the school.

I am proud to be able to wear the Catholic "C" on my chest because I know I am representing a school community that stands for Commitment to Excellence, Commitment to Service, Selfless Love, and Personal Integrity. These Core Values have made my experience as a Crusader special in a way that has drawn me closer in my relationship with God and has made me a better person, classmate, and friend.

I am proud to be a Crusader because I know that I am part of a greater community that brings out the best version of all its members. The teachers truly care for their students' success and the students succeed because of it!

Pensacola Catholic High School allowed our children to grow in a safe and nurturing environment. The scholastic programs more than prepared them for their college careers. The athletics program and extracurricular activities at CHS kept our children engaged and involved. The faculty, staff and student body brought us a sense of family. We loved it! Our children are now in college and doing well. We have no regrets.

My son started his freshman year at Catholic High in a new city with no friends. We found CHS to be an inclusive, welcoming community for our entire family and that is what we believe sets Catholic apart from other schools. Our daughter now attends. The faculty at CHS allows students to take meaningful risks in a supportive environment offering a blend of traditional and contemporary education, while helping students to establish a strong faith at the same time. Their confidence and resilience have grown as a direct outcome of the outstanding education provided by Catholic High.
